DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09/16/2008 has been entered.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Claims 1-60 are allowable because the prior art fails to teach an apparatus (wit respective method) for displaying an electronic program guide (EPG) data comprising a remote control... a display on said remote control... a logical grid defined on said display, said grid having a plurality of columns and plurality...displaying in a first cell formed at an intersection of a first column and a first row, program information for a first program associated with a first source, the program information being title-based information and the first source being one of a channel and category, wherein the first column includes cell that displays program information...

The claims require program information to be displayed on the display of a remote control, where said program information is defined as being title-based information (Figs. 3, 4 and 7-9; first paragraph of page 12 on the 09/16/2008

Remarks), so it can't be "service" information (i.e. a VOD service, or channel information axes, etc).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
